

RDSO APPROVES PARALLEL FIELD TRIALS FOR KMDAX

Date: 15th November 2010

RDSO has approved Kernex to carry out parallel field trials of Kernex KMDAX Multi Section Digital Axle Counter system in Lucknow Division of Northern Railway and Bangalore Division of South Western Railway simultaneously.

Following the successful completion of these field trials, Kernex will be one of the very few companies eligible to bid for Railway projects for implementation of Digital axle counter systems across the Indian railway network.
